Heads Together Productions Ltd ACCOUNTANTS REPORT ACCA

Report to the Board of directors of Heads Together Productions Ltd on the preparation of the unaudited statutory accounts for the year ended 31 March 2017

In order to assist you to fulfil your duties under the Companies Act 2006 and in accordance with your instructions, we have prepared for your approval the financial statements of Heads Together Productions Ltd for the year ended 31 March 2017 set out on pages 5 to 13 from the company's accounting records and from information and explanations you have given us.

As a practising member firm of the Association of Chartered Certified Accountants, we are subject to its ethical and other professional requirements which are detailed at http://rulebook.accaglobal.com/

This report is made solely to the Board of directors of Heads Together Productions Ltd, as a body, in accordance with the terms of our engagement letter dated 16 June 2016. Our work has been undertaken solely to prepare for your approval the financial statements of Heads Together Productions Ltd and state those matters that we have agreed to state to the Board of directors of Heads Together Productions Ltd, as a body, in this report in accordance with the requirements of the Association of Chartered Certified Accountants as detailed at http://www.accaglobal.com/factsheet163. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Heads Together Productions Ltd and its Board of directors as a body for our work or for this report.

It is your duty to ensure that Heads Together Productions Ltd has kept adequate accounting records and to prepare statutory accounts that give a true and fair view of the assets, liabilities, financial position and deficit of Heads Together Productions Ltd. You consider that Heads Together Productions Ltd is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the financial statements of Heads Together Productions Ltd. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory financial statements.

1 Accounting policies

Basis of preparation

The accounts have been prepared in accordance with FRS 102 - The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard) and the Companies Act 2006. There were no material departures from that standard.

The accounts have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets and in accordance with the accounting policies set out below.

Turnover

Turnover is measured at the fair value of the consideration received or receivable. Turnover is reduced for estimated customer returns, rebates and other similar allowances.

Revenue from the sale of goods is recognised when all the following conditions are satisfied:

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods:
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company;
 and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Specifically, revenue from the sale of goods is recognised when goods are delivered and legal title is passed.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from the surplus as reported in the income and expenditure account because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on timing differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible timing differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current or deferred tax for the year is recognised in the income and expenditure account, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax is also recognised in other comprehensive income or directly in equity respectively.

Tangible fixed assets and depreciation

Tangible fixed assets held for the company's own use are stated at cost less accumulated depreciation and accumulated impairment losses.

At each balance sheet date, the company reviews the carrying amount of its tangible fixed assets to determine whether there is any indication that any items have suffered an impairment loss. If any such indication exists, the recoverable amount of an asset is estimated in order to determine the extent of the impairment loss.

Depreciation is provided at the following annual rates in order to write off the cost or valuation less the estimated residual value of each asset over its estimated useful life:

Leasehold land and buildings 5% Straight Line
Plant and machinery 25% Straight Line
Motor vehicles 20% Straight Line
Furniture, fittings and equipment 25% Straight Line

Leased assets

Where the company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease.

Leases which do not transfer substantially all the risks and rewards of ownership to the Company are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet date as a finance lease obligation. Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in the income and expenditure account, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's policy on borrowing costs (see the accounting policy above).

Assets held under finance leases are depreciated in the same way as owned assets.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis.

Pensions

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payments obligations. The contributions are recognised as expenses when they fall due. Amounts not paid are shown in accruals in the balance sheet. The assets of the plan are held separately from the company in independently administered funds.

Provisions

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the income and expenditure account in the year that the Company becomes aware of the obligation, and are measured at the best estimate at balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties. When payments are eventually made, they are charged to the provision carried in the balance sheet.

1. Income Breakdown

	<u>2017</u>	<u>2016</u>
	£	£
Fees	36,584	18,264
Grants*	149,783	172,921
Sales	4,014	3,570
Deferred Income	26,792	-
Total Income	<u>217,173</u>	194,755

^{*} Revenue grants are broken down in (3) below

2. Deferred Income and Capital grants

Project	<u>Funder</u>	<u>2017</u>	<u>2016</u>
Defended because back deep		£	£
Deferred Income Includes:			
Core Funding	Youth Music	-	13,173
East Leeds FM	Big Lottery	-	13,619
			26,792
Chapel Development	Jimbo's Fund	40,674	44,757
Chapel Development	Art Council England	266,291	293,024
Chapel Development	Leeds City Council	28,472	31,330
Chapel Development	Tudor Trust	61,010	67,135
Chapel Development	Monument Trust	81,348	89,514
Chapel Development	Wren	40,674	44,757
Chapel Development	Caird Barden	68,609	75,497
Chapel Development	Clothworkers	6,508	7,161
		<u>593,586</u>	653,175

From the Chapel Development grants provided, part of these grants have been used to purchase chapel equipment and is being released to the income and expenditure account over the useful life of the assets.

The expenditure on the building has been capitalised and shown in note 3. The income raised to fund these works has been matched against this and has been deferred (see above). The building costs are being depreciated over their useful life and this depreciation charge is being matched against a release of the deferred income to the income and expenditure account

3. Income

The total income of the company has been derived from its one principle activity.

Included within income are revenue grants received from the following organisations:

	2017 £	2016 £
Arts Council of England, National Portfolio Organisation	46,605	46,605
