“Chapel FM is amazing. Fact. I have met so many new people, I’ve broadcast to the world and I’ve learnt some really useful skills.”
Emma, 19

Using a microphone isn’t difficult– it gives you the opportunity to go anywhere and ask anyone anything! Making your own radio programme will let you:

- **learn new skills useful for a range of career opportunities**
- **develop your skills in all kinds of interview situations**
- **do something creative, worthwhile & fun**

If that sounds interesting then come and ‘Find Your Frequency’ with Chapel FM. You don’t need to have any previous experience. The course is FREE and is delivered over 50 hours, at mutually agreed times. It will give you the combination of technical and presentation skills that you need to create great radio about subjects that interest you!

You will be working alongside our experienced team and you will be supported to gain an Arts Award certificate to recognise your creative achievement.

The course will also introduce you to a range of fantastic events and opportunities.

“If I had to pick one thing I love about ChapelFM, it would be the fact that age is irrelevant here.” Nigel, 53

Call into Chapel FM to have a look around, meet the team and find out more about the course.

For more information please contact Chapel FM on 0113 22 55 944 or email info@chapelfm.co.uk
