Open Voices

The Open Voices singing group meets every Thursday morning. It is extremely relaxed, friendly and joyful. You don't need to read music or have any previous experience of being in a singing group before. The songs we sing are decided by the people who come...anything from old time classics to modern pop songs and much more!

Open Voices is led by Fran Wyburn—a singer and songwriter with over a decade of experience leading singing programmes in the community. Her enthusiasm and love for music is infectious and she'll have you singing your hearts out in no time at all!

There is also an opportunity to make new friends at Open Voices, and there's always tea and cake before and after the session in the Community Cafe at Chapel FM.

We want to make Open Voices accessible to everyone, so we just ask people to donate what they can each week towards the costs of the session.

For more information contact Chapel FM Centre Manager Fuzzy Jones.

**This is a joint project
between Chapel FM and
South Seacroft Friends
& Neighbours.**
