We would like to invite you to a performance and celebration event...

The Power of Words at Chapel FM Arts Centre

There will be a multimedia performance by young people currently taking part in our Next Generation Training programmes, followed by a celebration of last years achievements including the presentation of Arts Awards.

What we choose to say, or to leave unsaid, can have momentous consequences. It can lose us a friend or a job. In some countries, it can get us locked up or killed. But words can also bring down regimes, give us the confidence to do amazing things. Speak up or remain silent? Tell the truth or spread fake news? The theme of words and their power to change the world has never been more important than it is now.

For more information or to book a place, contact Centre Manager Fuzzy Jones on 0113 22 55 944 or email info@chapelfm.co.uk

Refreshments will be available
